## PROFILE SUMMARY

Driven full-stack developer with a passion for user-centric digital experiences through web development, UI/UX design, and data analytics. Known for proactive problem-solving, leadership, and a collaborative mindset, I thrive in dynamic environments that foster innovation and real-world impact.

## WORK EXPERIENCE

### Internship Studio | Web Development Intern | May 2024 - Jun 2024

Bangalore, India

- Led a team of five to develop an interactive website for Azyad IT Consultancy Services using Agile methodologies.
- Designed the frontend with HTML, CSS, JavaScript, and React, ensuring a responsive user experience.
- Collaborated with backend engineers for seamless API integration and maintained codebase using Git.

### Varcons Technologies | Web Design & Development Intern | Sep 2024 - Nov 2024

Bangalore, India

- Independently developed and deployed a responsive e-commerce website with full-stack functionality.
- Used HTML, CSS, JavaScript, and MongoDB to implement features like a shopping cart and payment simulation.
- Focused on SEO optimization and user-friendly design for an improved customer experience.

## PROJECT EXPERIENCE

### Attendance-System

Bangalore, India

*Blockchain Development*

*Apr 2025 - Present*

- Built a blockchain-based attendance system ensuring secure, tamper-proof record keeping.
- Integrated QR code scanning for fast and contactless attendance marking.
- Enabled role-based access and real-time reporting through a decentralized web interface.

### WaterAware

Bangalore, India

*Website Development - [Live Demo](#)*

*Mar 2025 - Apr 2025*

- Built a responsive website that allows users to monitor water usage and get personalized conservation tips.
- Implemented features for hosting and joining local conservation events with real-time capacity tracking.
- Added user-friendly tools for reporting water wastage and learning about conservation methods.

## EDUCATION
